It's a time for living

"A Time For Living" couldn't be closer to the truth. This is a fantastic age we are living in with styles changing from mini to maxi, and astronauts making moon flights.

Time travels on, and this 1970 **EYRIE** *only catches a glimpse of the total picture. Take life as it comes and enjoy it. Accept its challenges and all it has to offer. Take a chance and live!*

Focus

In a big school like this, involvement is easy. There are clubs to join, people to meet, and things to learn. Maybe this is the most important part of our education: working, talking, and being together.

Reflecting by myself, I think about what minute importance I really am. I want to help the world in some way, but I'm so small; will I ever really matter.

Learning can be fascinating at times. Of course, knowledge has to be worked for, like everything else, but there is a purpose to all of it.

You can't confine yourself. You must let yourself go and reach out for others. You must be genuinely concerned–that's why the Hull House tutoring meant so much to many of the students. As you grow older, you note the difference. You must be involved and really care.

Gary,
That 30 miles
was the greatest experience
I don't care what anyone
says I'll never forget
that day

Thrust

It's so easy for me to forget the rest of the world while I go to South. Wars are waging, astronauts are making history, and yet at times I feel that only my own little world matters.

It's gratifying to know that you have done something well. It's like letting off a filled balloon when the project is over. Nothing can stop you once you have this kind of thrust.

I complain about the fast pace of school, of the tremendous thrust forward. But life is like that: responsibilities to accept and deadlines to meet. It's all a part of the pattern of life.

Flaunt

When you discover that you've won, you have the greatest feeling of satisfaction. As a current phrase goes: "If you've got it, flaunt it."

I think that there's more pride in Maine South now than there was five years ago. You can see that pride at sports events and pep rallies. The name "Maine South" is quickly becoming synonymous with an aggressive new school with spirit.

I consider myself so fortunate to be going to a school like Maine South. After all this hard work fades into the past, I'll then be able to truly appreciate my education.

Together

You can tell when someone is in love. They have that special look on their face, and nothing seems to get them down. It's hard to love, and yet it is all that really counts. You have to learn to give of yourself and share with others. It can hurt you at times, but that special feeling of contentment inside is reward enough.

Sometimes I get so wrapped up in myself and my own worries, I find it hard to think of others. I know that I should forget myself and spread my thoughts around, but when I'm alone, "me" is always in my mind. It helps to get into a group, where we can laugh at an old joke, talk about troubles, or just simply have fun.

The best part about being with your friends is that you can be yourself—you can stop worrying about school and just have a good time.

The student of Maine South is confronted daily with 3,500 faces. Of those he knows, he challenges their opinions, he sympathizes with their mistakes, he laughs over a funny story, and he learns from common mistakes. He can choose friends from the peace generation, the athletic group, to the honor student. He can sense the traits that tend to separate the groups, but he can also feel a unity between the students of Maine South. Being together, sharing thoughts and friendships, is a large part of life at South.

Joey,
(Band Drop out)
Good Luck forever!
Be real!

Kicks

I complain about the fast pace of each school day, but when Friday night comes I'm going at twice that speed. I could fill my life with football games, dances, parties, and friends.

I never thought I could do all that I do in such a small amount of time. I miss an hour of sleep, skip breakfast, neglect some studying to do something fun. But that's half of what the teen-age years are made of. It's not the best solution, but it's the most fun.

Events

At the end of summer, school gets more important. You know that soon you'll be seeing friends and getting into the routine again. At first it's hard to get involved, but you have to learn to give. Once you can give some of your extra time, it's not so difficult to get caught up in the stream of events that make South.

During the week and on weekends there's so much happening at South that it's impossible to see everything. There are plays, club meetings, basketball games and wrestling meets. You feel as though you can't miss out on anything, although you have to spend some time studying.

I can remember that as a freshman I was so bewildered and amazed at what a change of pace high school was compared to junior high. It was hard to keep up with the football games, dances, and parties, although I didn't mind if I missed a couple hours of sleep. Everything goes so fast that you have to take each event as it comes and enjoy it for itself.

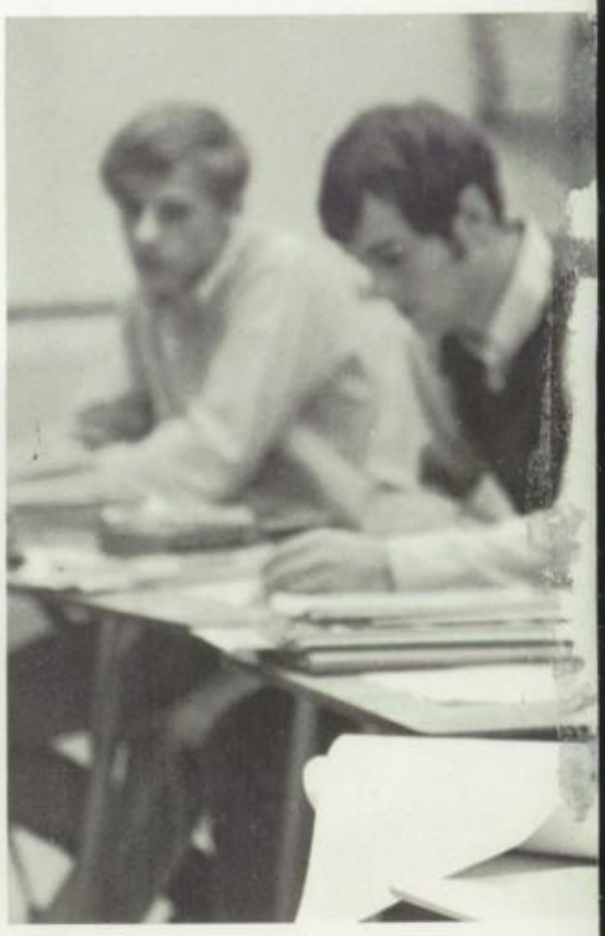
English provides skills for all

With a variety of courses included in the English curriculum, the department stressed self-expression through writing and speaking. In regular English classes, students at the four levels emphasized various areas. For instance, freshmen studied the skills of communication along with literature and grammar. The sophomores took speech for one quarter to learn public speaking. Juniors concentrated on American literature, while seniors attempted to improve their grammar before going on to college or pursuing a career. Careful planning by the English teachers and Mr. Davis, the department chairman, created classes that were exciting and challenging to the students.

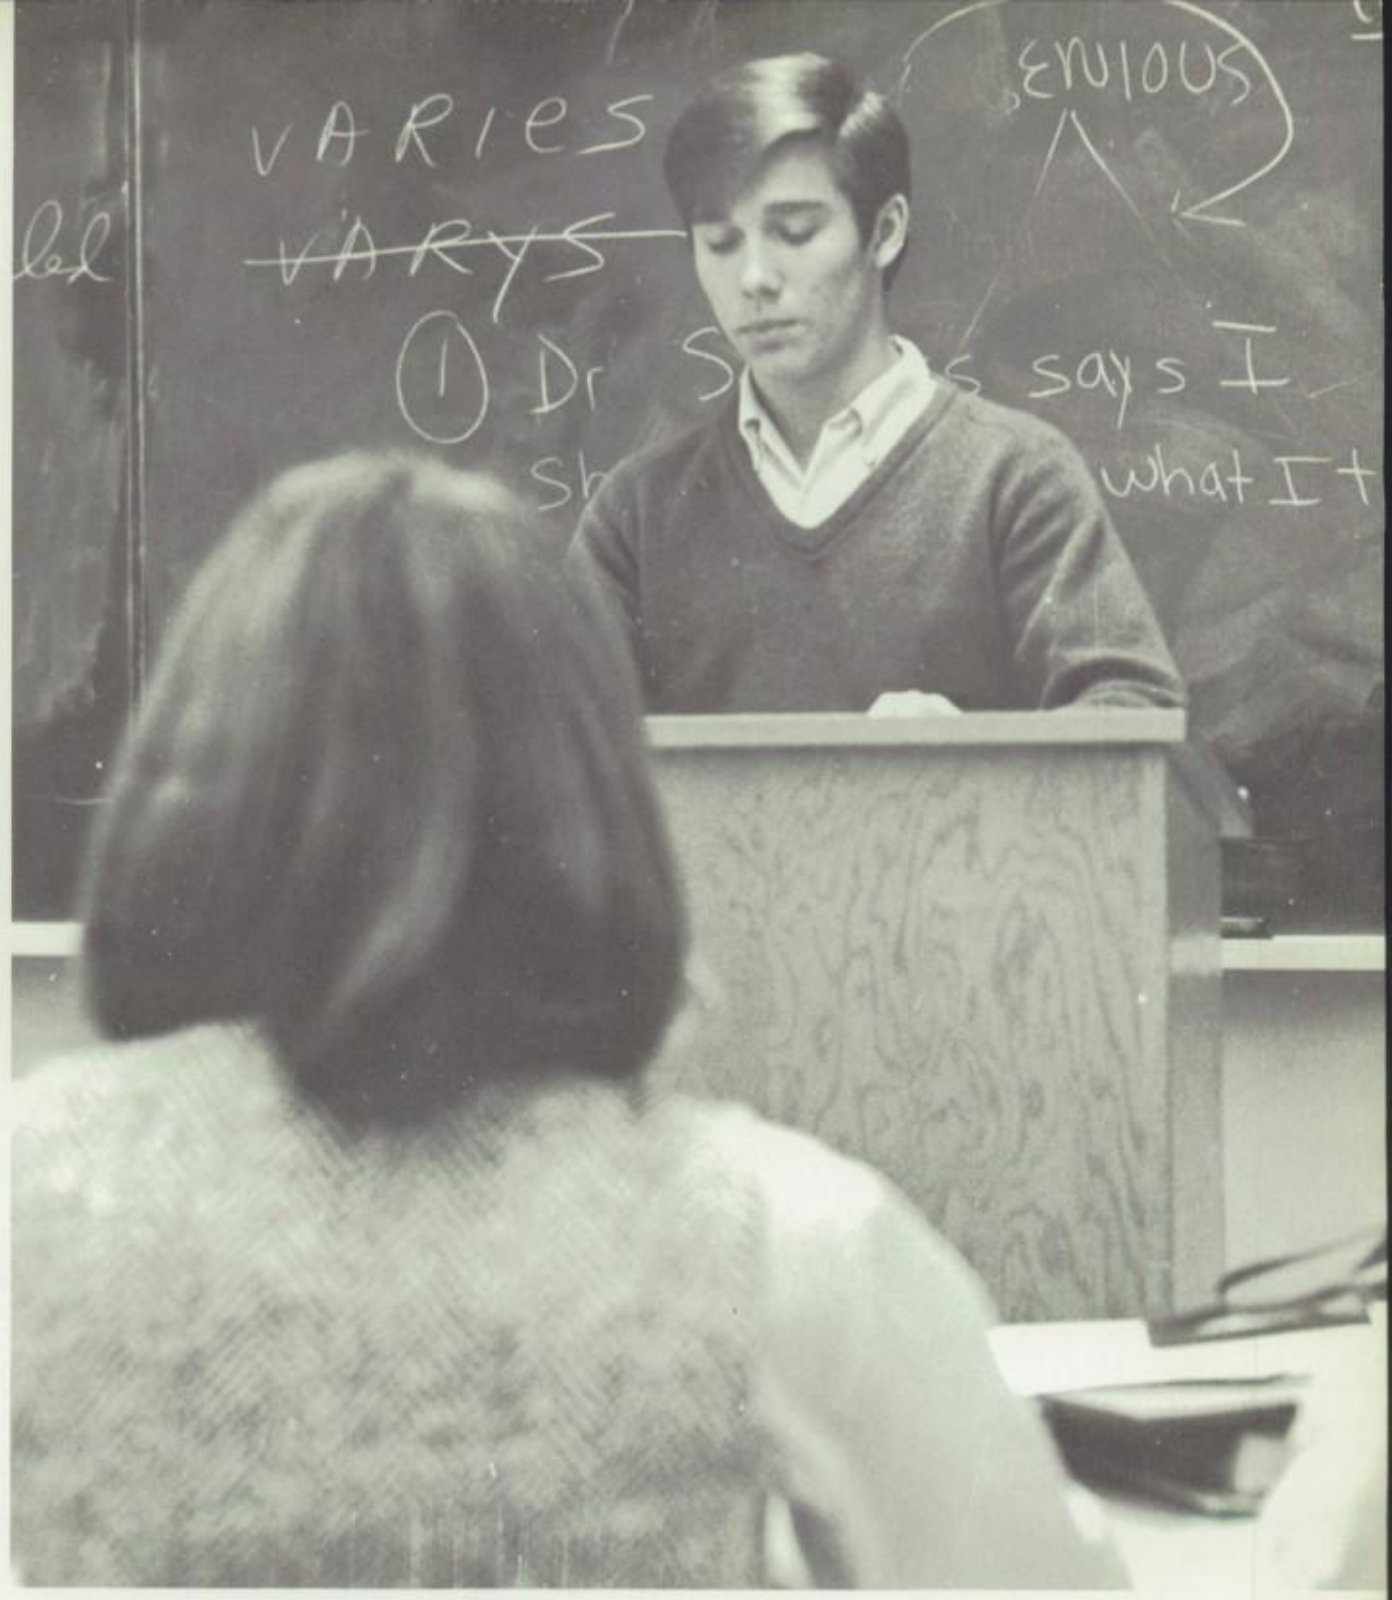
Mr. Fitzgerald found that group discussions were invaluable in obtaining students' opinions.

When Mrs. Mohr explained American lit., her students found even Emerson understandable.

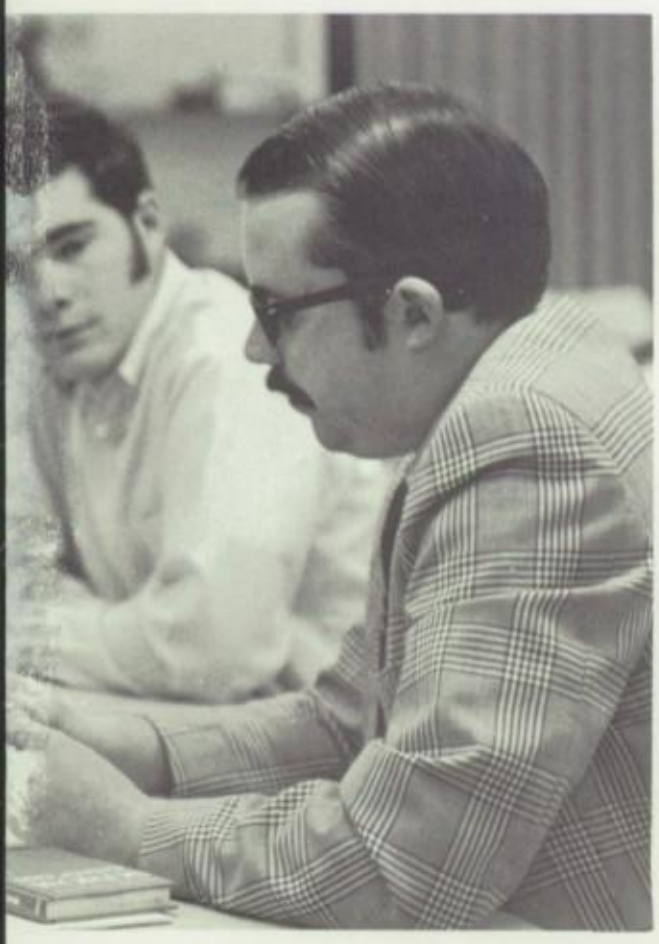
Senior Jerry Henriken agreed with Mr. Hunt on a new point discussed in Humanities class.



Mr. Davis, chairman of the English Department, used diagrams to explain techniques of writing.



In a senior English class Gary Martello concentrated on giving a good presentation.



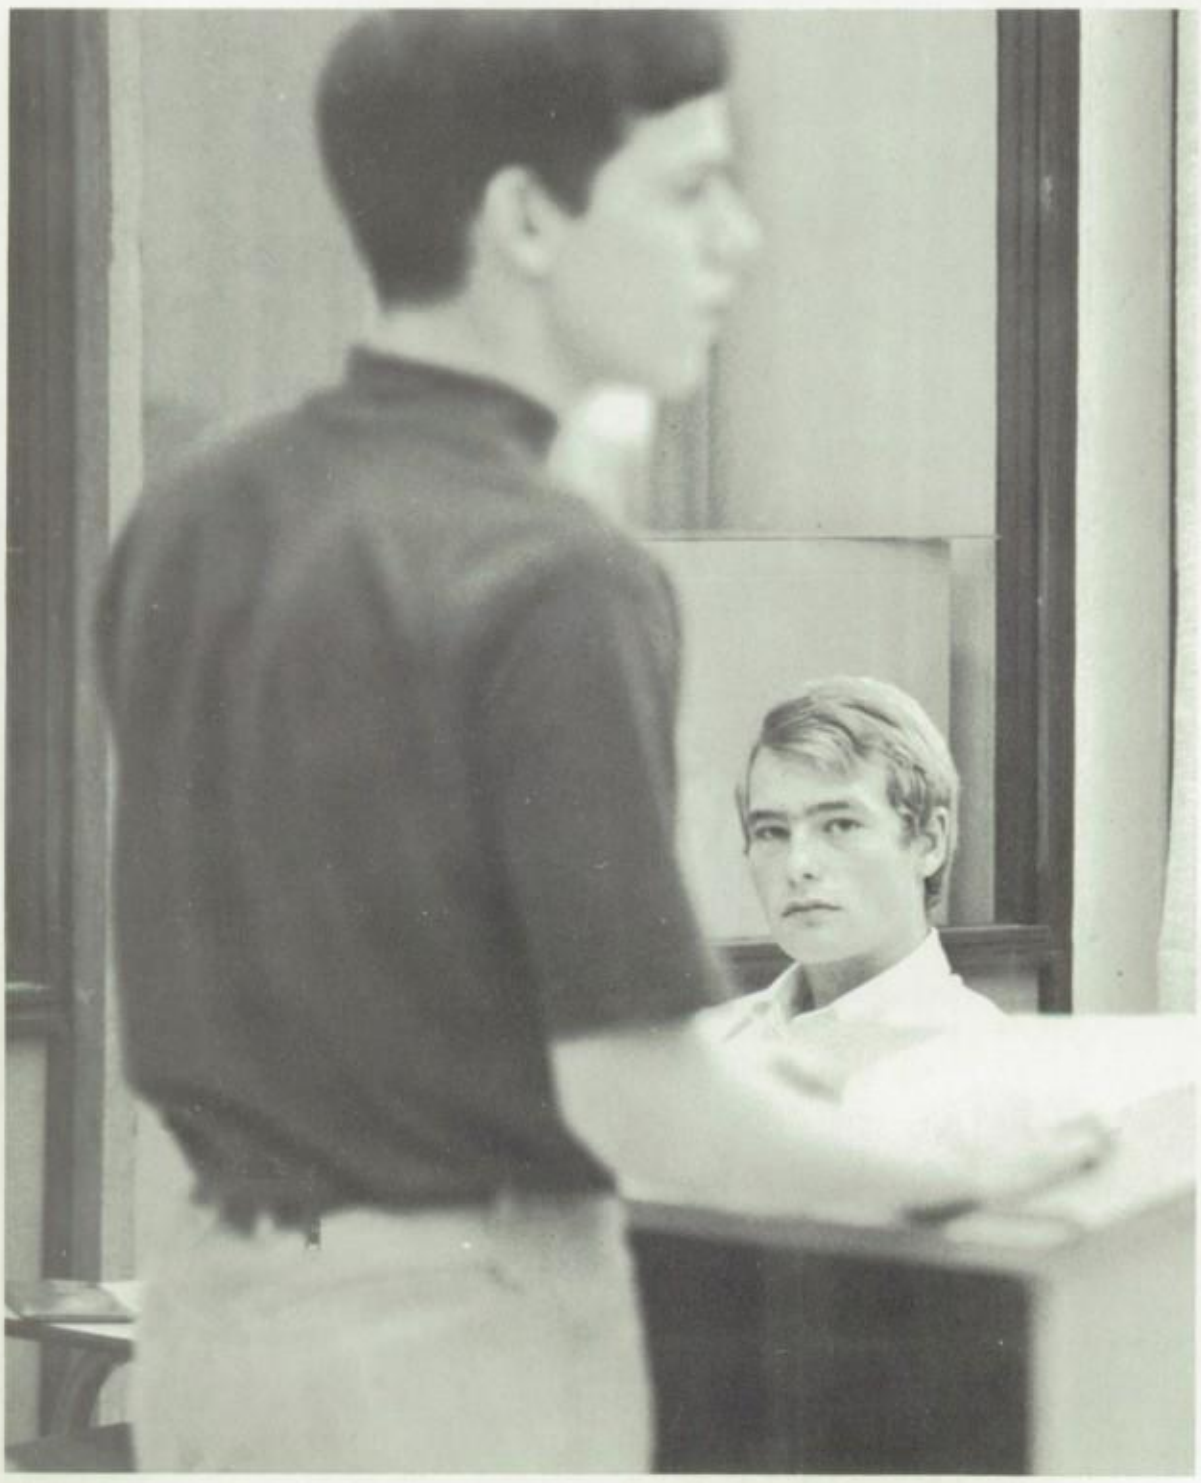
In freshman English, Heidi Hubbell volunteered to voice her opinion on the subject at hand.

Language and drama improve poise

This year, one of the requirements for all first year language students was to attend two half period lab studies a week. These labs, which helped the students to learn the basics of the language, along with the regular teaching of vocabulary, grammar, and other skills, aided the students' progress toward speaking their foreign language fluently.

The Speech and Drama Department's main purpose this year was to help students prepare for careers and to aid them with their developing personalities. A few of the many courses offered were Drama, Public Speaking, and Stagecraft.

Mr. Wagoner's Stagecraft students carefully prepared one of the many props used in V-Show.



Peter Bloomfield, Maine South's AFS student, paid close attention in Public Speaking class.

Mary Beth Krebs spent many creative hours completing pieces for her Journalism class.

The Spanish I lab proved to be invaluable in helping Earl Heiden to speak Spanish well.

Mrs. Brunke, South's new language lab technician, ran the console for all first year languages.

During her Data Processing class, Mary Kusack voiced her opinion in the class discussion.

Practicing dictation helped those students in Stenography to improve their secretarial skills.

Besides keeping regular school hours, Marilyn Vogler maintained a part-time job at Mayfields.

Dr. Phillip Crane faced a panel of juniors, Jay La Jone, Nancy Benjamin, and Debbie Cook.

Social Science, Business courses prepare student

The Social Science Department offered a wide and varied program. The courses available ranged from the new ones in Humanities and Anthropology to history courses. Government, a required course for all seniors, sponsored two field trips to Springfield. Course offered at the accelerated and AP level included World History, U.S. History, Government, Democracy, and European History.

Student enrollment in business courses was larger than ever this year. Business courses helped students prepare for future occupations and taught them skills which would be useful in college.

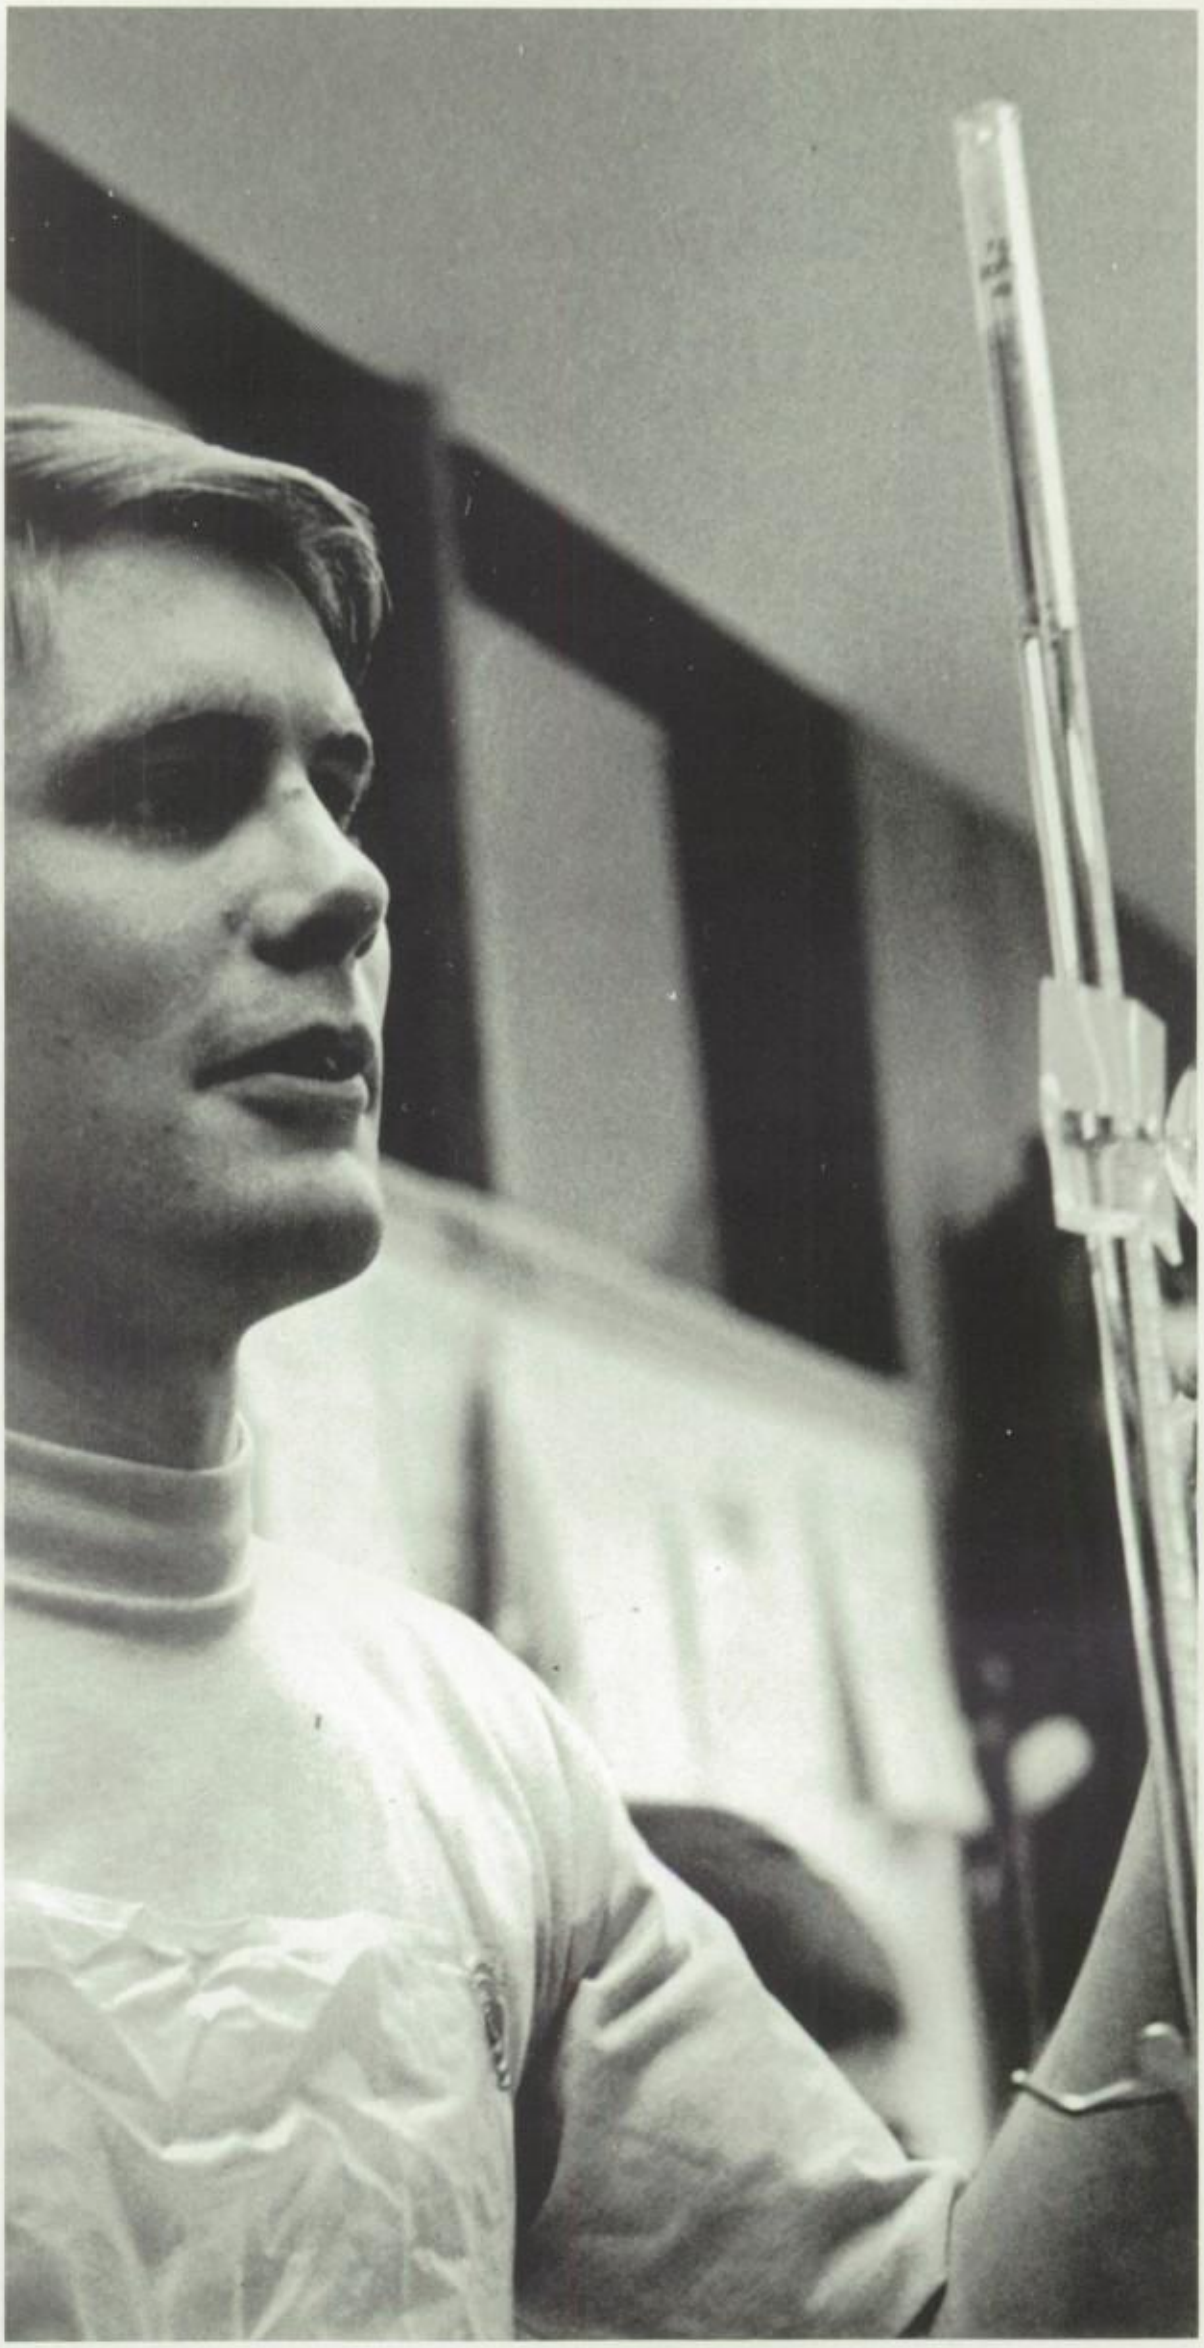
Demonstrating with the globe proved helpful to Mr. Lowman's World Geography students.

Junior Tom Crosby found it easy to follow Mr. Edstrom's engrossing lectures in Anthropology.

Science and Math emphasize computers

The Science and Math Departments were gifted with a new computer which was used in solving problems and graphing equations. Only upperclassmen were allowed to use the computer with the permission from either of the department chairmen.

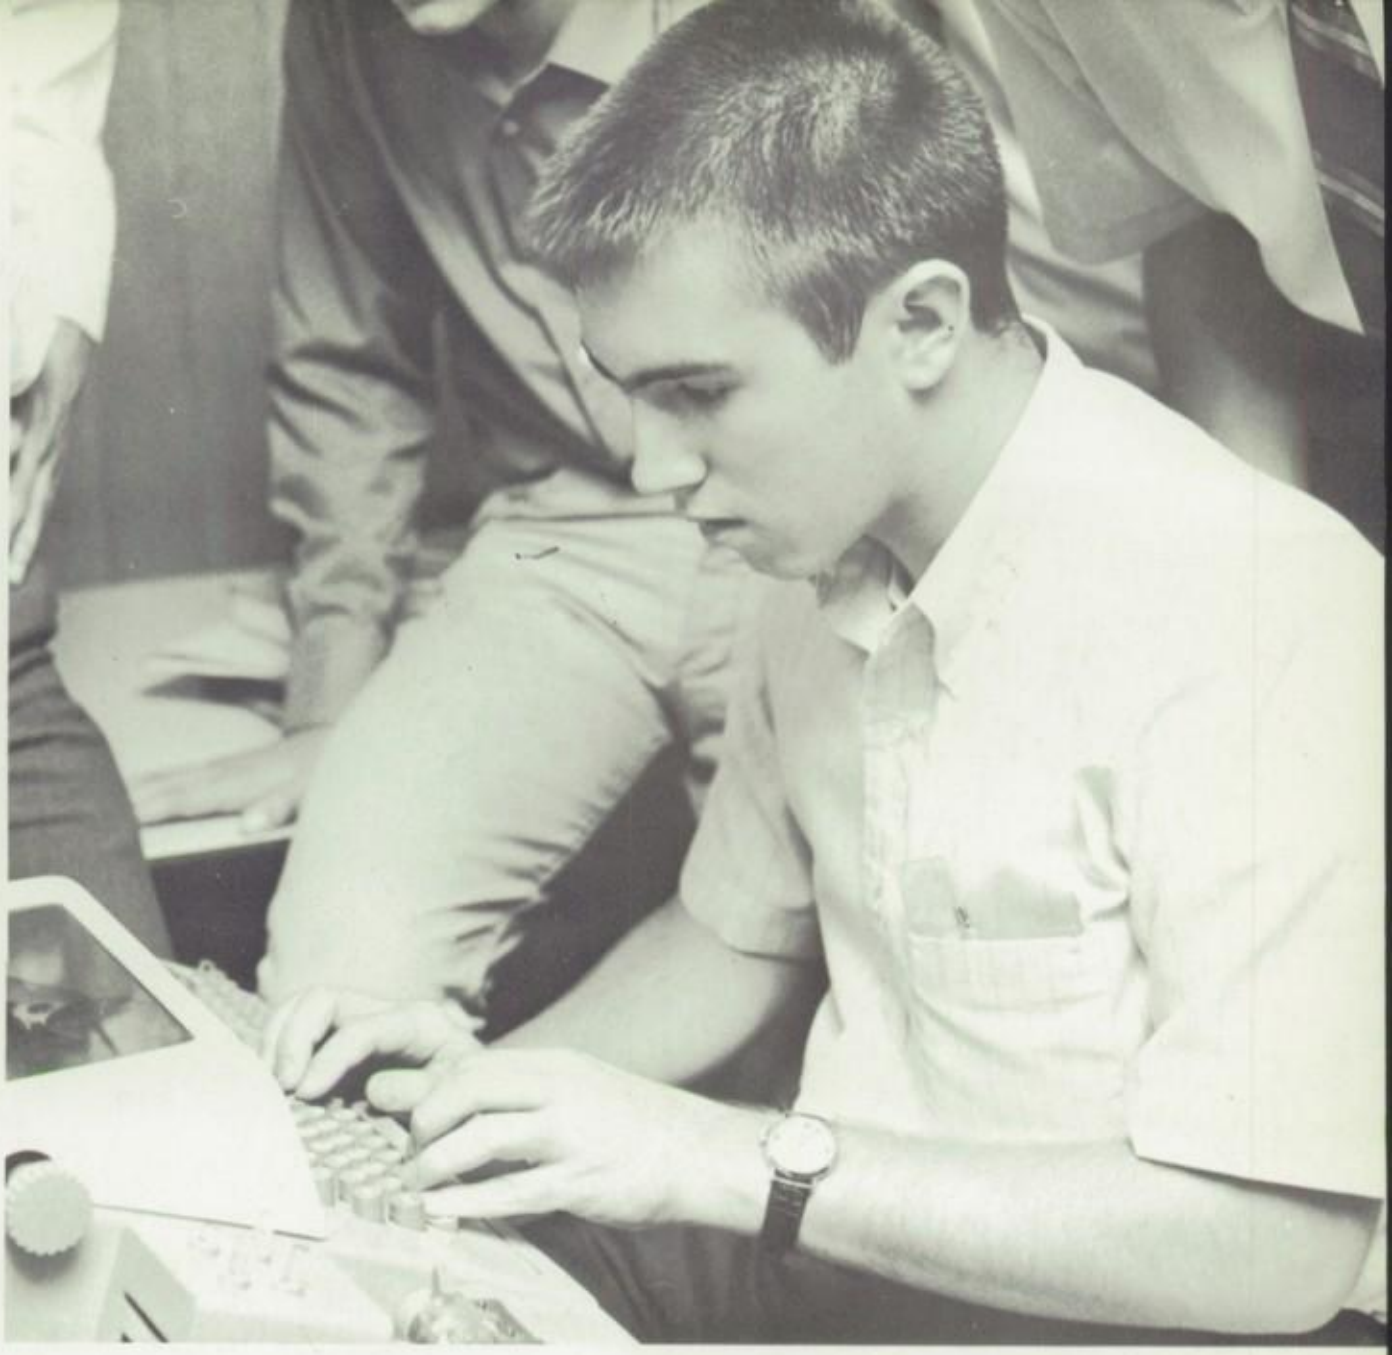
This year, the Mathematics Department tried a new approach to remedial work in math. Desk Calculators were used in the checking of arithmetic, and Calculus classes experimented with a new electronic desk-top computer to perform tedious work and aid the students.



Jim Doubler, a senior, learned to measure with accuracy in advanced placement Chemistry.

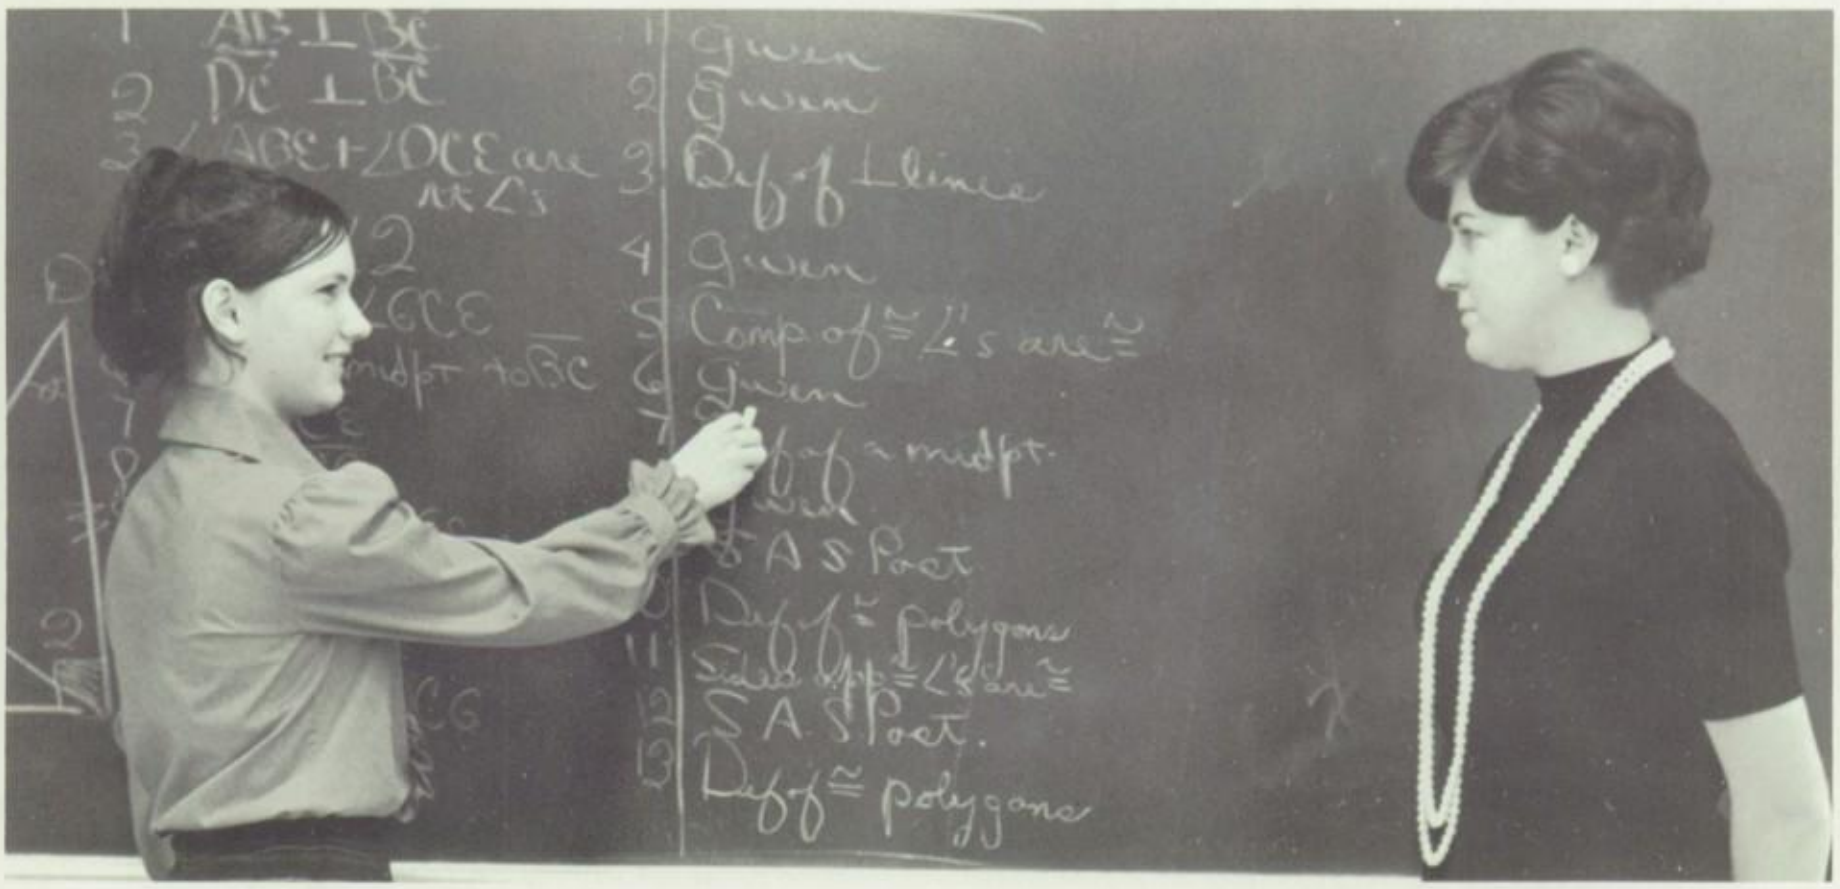
Freshmen Sue Lonze and Steve Bayers listened closely to biology experiment instructions.

Mr. Elliott, head of South's Math department, demonstrated advanced concepts of junior math.



Cliff Geschke demonstrated our new computer as he tackled his homework problems for Calculus.

Sherri Austin asked Mrs. Mansavage about a certain step in a difficult proof in Geometry.



New facilities aid vocational departments

In Mr. Kilcullen's Printing I class, students listened as their next project was assigned.

The Home Economics Department stressed the application of the arts and scientific knowledge to the improvement of personal and family living. For the first time, upperclassmen were offered the course in child development. The new kitchen proved a great asset to South students because it gave them an opportunity to experiment.

Students involved in Industrial Education were offered an interesting and varied program, including a new course in wood working. The staff worked diligently to make Industrial Education one of the most interesting areas offered at South. A field trip to a manufacturing company and numerous lectures helped provide a varied program.

Jack Szafran exercised his skill in craftmanship while working in an Industrial Arts class.

Mr. Snyder's classes found Woodshop I, a new course this year, challenging and rewarding.

Jackie Herdegen enjoyed working with children in a nursery school made for child development.

Darlene Kucharik enjoyed working with the new facilities in Mrs. Siebold's clothing class.

Before designing her own house, Patti Dobos did some research during her Home Planning class.

Artists and musicians express themselves

The Art Department this year strived to give students an opportunity to express themselves through their work. A new showcase was put up in the cafeteria to allow students to display their work. Art I and II Sketching, Design and Materials, and Photography were available.

The music program offered at Maine South is a very complete one. The Music Department, headed by Mr. Spear, kept busy this year participating in various concerts and recitals, The V-Show "Spirit" of "70", and the musical "South Pacific". Private voice and instrumental les sons were arranged at the student's request and were given during a study period or before or after school.

Tom Mathison, a freshman, concentrated on perfecting his piece for performing in Cadet Band.

Paulette Piazza, jotting down her new assignment in Music Theory, reflected on past works.

Mr. Dunn demonstrated complicated techniques
to the students in his Photography class.

In Art III, senior Ann Kupjack was creating
an intricate structure using unusual materials.

In Art II, Dennis Sullivan tried welding as
Laura Skup and Judy Tortorella looked on.

Physical education adds health course

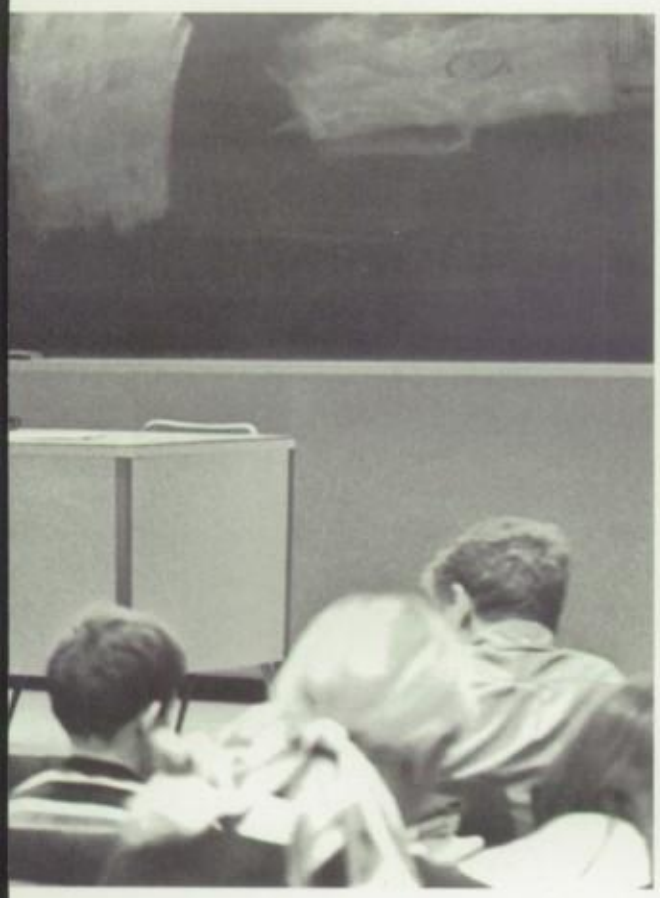
The Physical Education Departments urged students to excel in a wide variety of sports. Instructors assisted students in many ways, helping them individually. Swimming, gymnastics, Basketball and other sports were held almost everyday after school. New equipment and techniques also helped students to attain perfection. Many successful drives were sponsored by the Girls' Recreational Association throughout the year for the purpose of fund-raising.

Health was a required course for all sophomores this year. During a class of Mr. Higgins', a film was made by NBC for a future health education program. Some of the subjects covered included personal hygiene, first aid, and the human body.

Freshmen soon found out that Mrs. Hilquist made Health an interesting and informative class.

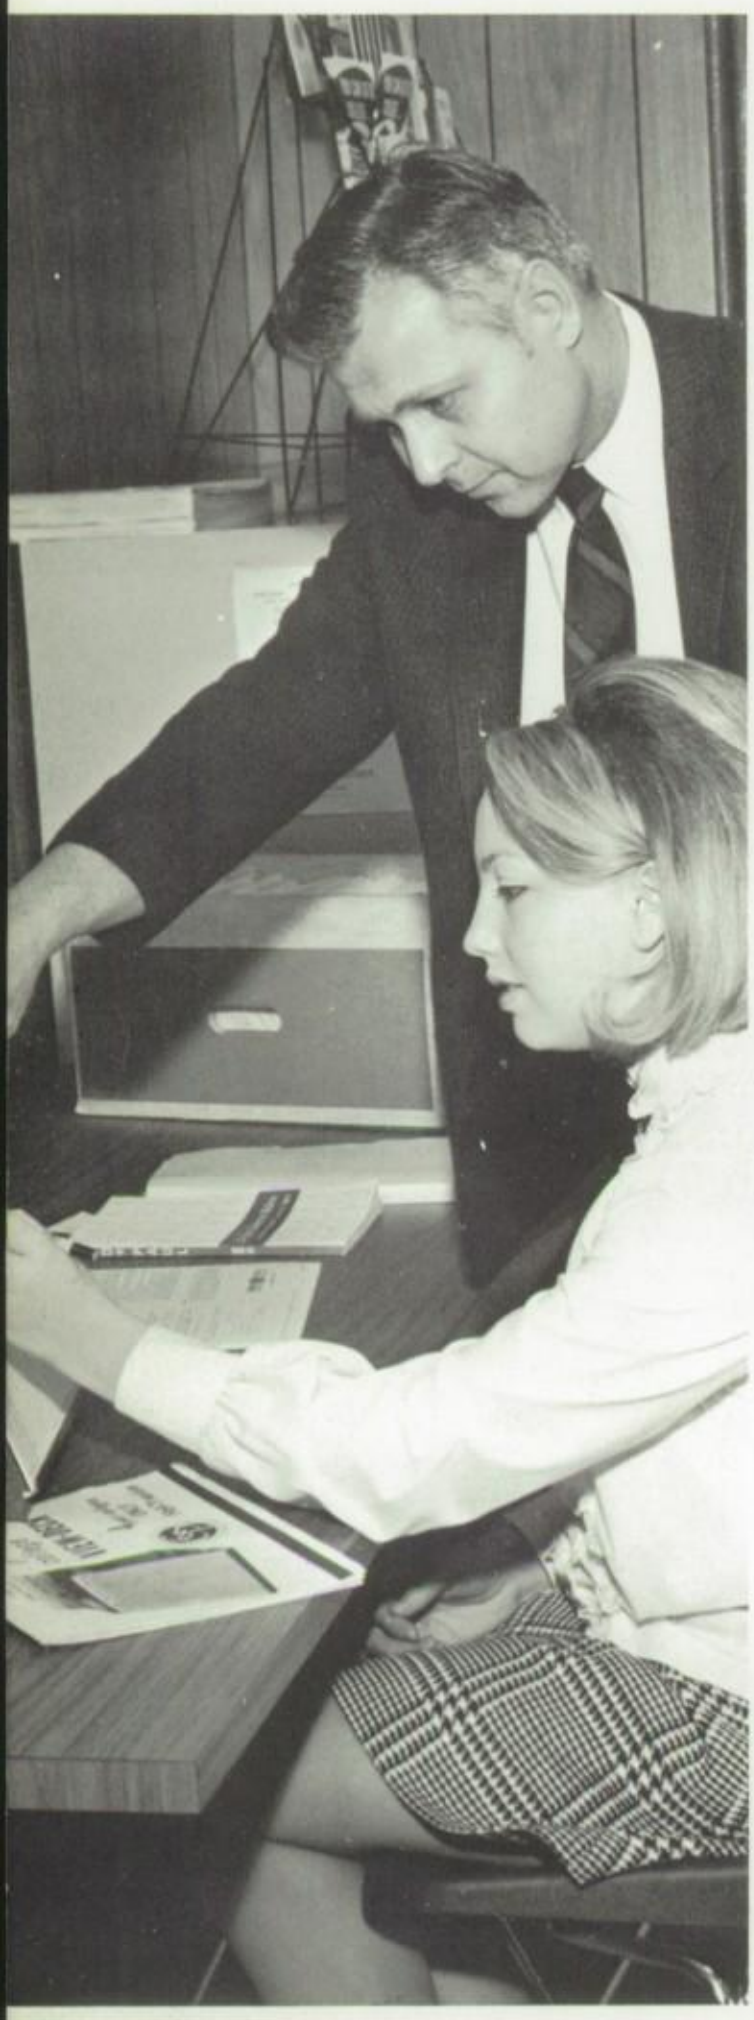
Lynn Grunschel used all the skills she learned in junior gymnastics to perfect her vaulting.

Coach Ziemek patiently counted the push-ups done by a struggling senior during his gym class.



Struggling while working out on the highbar, freshman Joe Pavese attempted extra chin-ups.

Betsy Bush was assisted by one of the student library helpers in the checking out of a book.



In the career resource center, Mr. Roth showed Gayle McLaughlin how to operate the view deck.

With the growing number of night courses offered, Adult Evening School personnel were kept busy.

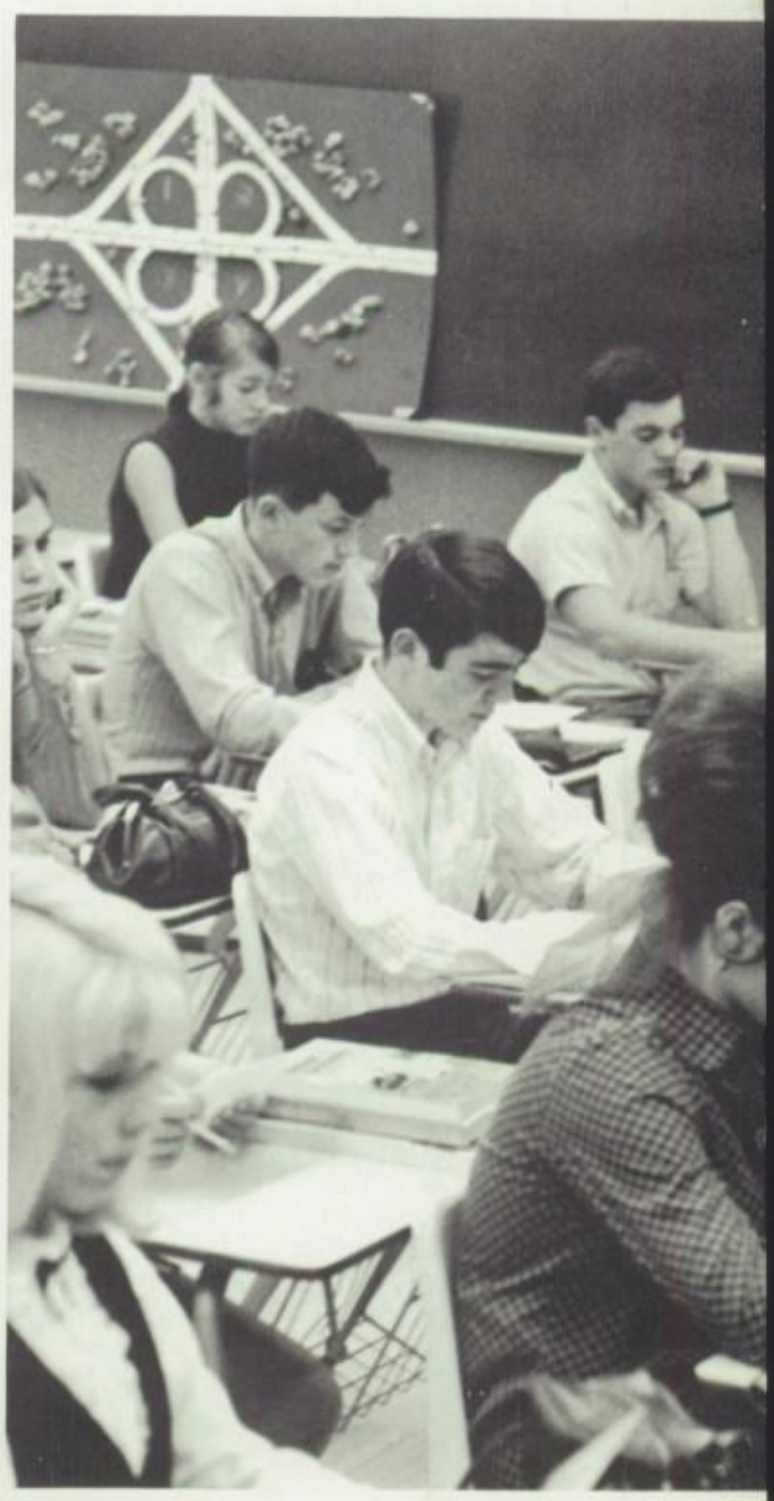
Driver's Education moves to A-Wing

The library at Maine South is only a part of the Instructional Services. The Audio-Visual Department and the Reading Center are also considered Instructional Services. The library, containing nearly 22,000 books, served from 1,200 to 1,500 students a day. Audio-Visual materials were available to anyone who wanted to use them. The Reading Center was set up to accomodate about 1500 students in a period of three weeks.

The Maine South Driver Education Department moved to new facilities this year. Over 950 students were scheduled for Driver Safety, while 600 students, sixteen and older, took the behind-the-wheel course. The six new cars were lent to the school by interested local dealers.

Gina Olsen listened as Mr. Holson explained the heating system in one of the Driver's Ed. cars.

Driver's Safety, a required course, provided the necessary background for behind the wheel driving.



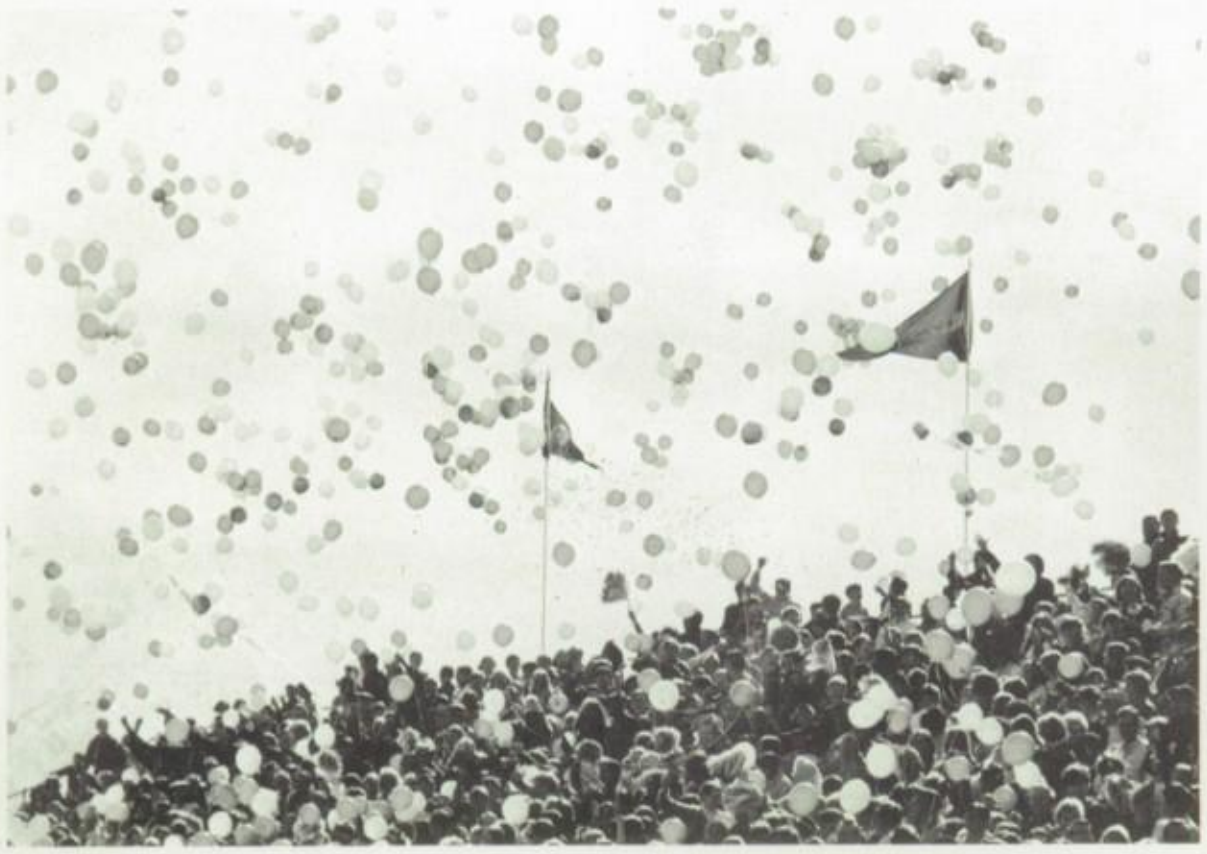
Patti and sophomores were victors

This year, the Homecoming activities were highlighted with the election of four senior girls to the Homecoming Court. Patti Magnuson assumed her role as queen during the annual half-time festivities. The balloon-infested sky and resounding cheers from the crowd combined to create a contagious Hawk fever. The day's excitement was culminated in a Gay 90's atmosphere in "A Time for Livin'," the annual Homecoming dance which was sponsored by the senior class.

Patti Magnuson was named 1969 Homecoming Queen during the annual half-time activities.

Suzi Hannibal, cheerleading captain, cheered our teams on to four years of Hawk victories.

A red and white dotted sky announced the first touchdown in the exciting Homecoming game.



Pep Club members peeking from clusters of balloons became part of the annual Homecoming day.

Chris Hookanson, president, coordinated the many service projects of Brotherhood Society.

As senior class vice-president, Chris Nagle offered new and unique ideas to the council.

Cindy White, Homecoming Court member and secretary, had a busy and exciting senior year.

Totally astonished, Patti could hardly believe that she had been elected as Homecoming Queen.

Floats exhibit song title treatments

The 1969-70 Homecoming season saw the dawning of a new tradition at South. To the seniors' dismay, those unpredictable sophomores again walked off with first-place honors in the float division. Receiving first place in the car entries was the unique, blood-curdling Tri-S float, "The Eve of Destruction."

After a night of drenching rain, our Hawks were victims of a narrow defeat. But, it was shown again that the spectators' spirits were not dampened, as nearly the whole student body was treated to an overly-exciting football game.

Kissing Patti Magnuson was just reward for the football team who played hard that afternoon.

The Sophomores placed first in class float competition with their "Purple People Eater."

The subject of cafeteria conversation during Homecoming week was who would be queen.

An essential element of any Homecoming is an exciting, fast moving, well-played football game.

Homecoming festivities attracted alumni as Senior Chuck Russell danced with Julie Fleetwood.

"Eve of Destruction" the macabre car float submitted by Tri-S won first place in its category.

Variety Show goes into space

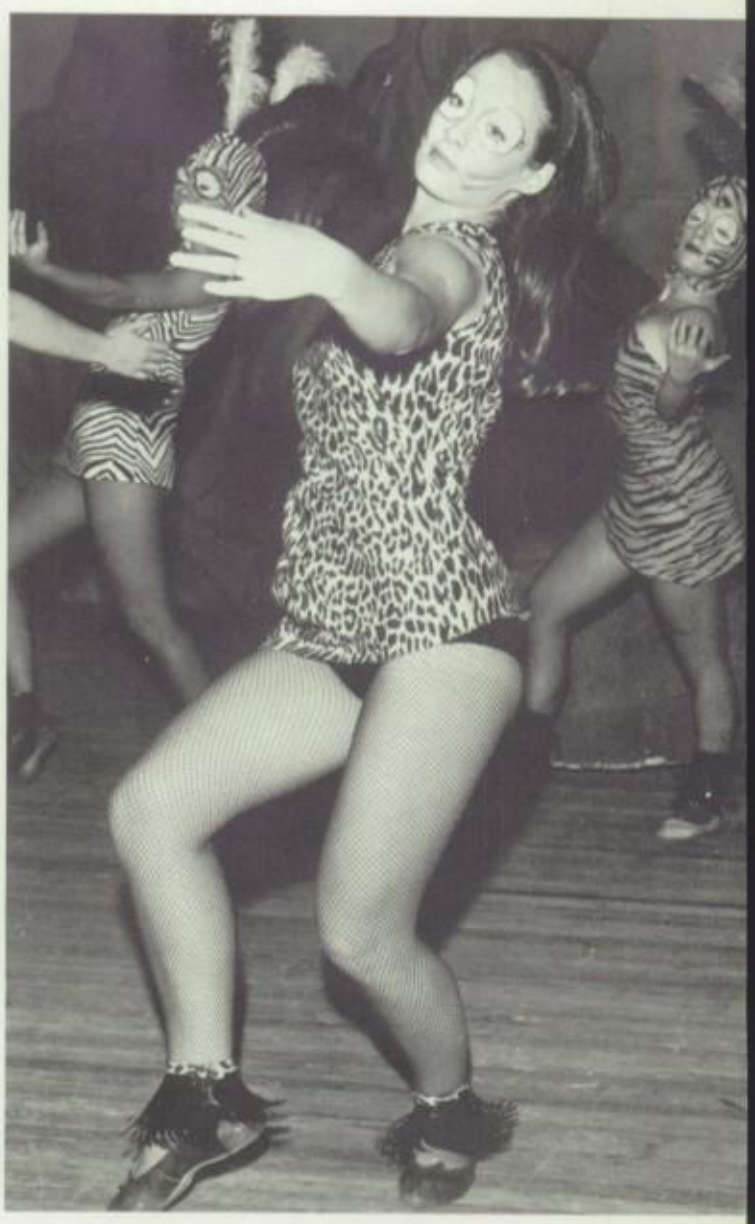
Laurel and Hardy, as portrayed by Bill Mellberg and Chris Mahaffey, triggered instant laughter.

Spirit of '70 brought Maine South to the outer limits of the new space frontier. Voyagers embarked on a mission where they visited primitive, as well as complex societies, encountering many perilous experiences. Their return to earth was celebrated on the "Jack Benny Show" with dance and singing groups as special guests. 450 students helped to create this extensive space odyssey. Unique costuming and make-up effects were brought to the height of creativity. Under the direction of Mr. Chastain and cooperation of all, the V-showers produced a fine show.

Dancer Gwen Kettleson welcomed the space travelers to the super-human planet she inhabited.

The combined musical talents of Bill Schwartz, Sue Glader, and Tom Meyer was memorable.

Chuck Russell and Chris Mahaffey brought back memories of the Flash Gordon space adventures.



As a member of the V-Show dance chorus, Maureen Murphy danced to the prehistoric jungle music.

Portraying Mr. Richard M. Nixon, Bill Mellberg flashed his famous peace sign to the audience.

Pep Council's costumes may have been cumbersome to dance in, but they were a delight to watch.

Senior class sponsors comedy hit

Lorraine Sheldon's tremendous ego permitted her to be tricked into getting into the mummy case.

The fall production, presented by the senior class, was the fast-paced comedy **The Man Who Came to Dinner** by Kauffman and Hart. The play, which depicted the experiences of Sheridan Whiteside, nationally reknowned critic and cynic, during his stay with a typical family, depended largely on timing to insure its humorous effect. The properties' crew found it quite a challenge to supply the actors with the box of penquins, the mummy case, and the ten thousand roaches. Dana Winikates, as Whiteside, mastered the problems of being confined to a wheelchair. Fine acting and technical ability gave South a view of Broadway.

Whiteside employed cynical remarks to try to stop Maggie Cutter's love for Bert Jefferson.

Flowers a touch of living

Flowers for Algernon, the arena play, concerned Charlie Gordon, a 32 year old mental retardate who through experimental surgery was temporarily raised to a genius. This seemingly sad play, in fact, had much to say about the spirit of living. Charlie extracted the most out of life by using all that he had to the utmost, for as long as he could. Dave Chastain, Peter Bloomfield, Lisa Oblander, Connie King, and Sam Andreakos all gave fine performances.

Charlie's mother reacted violently to his return home; Norma, his sister tried to restrain her.

Mrs. Donner told donut workers Frank and Joe, "That's one April Fools joke that backfired."

Charlie excitedly reported, "I beat Algernon in a race," to Alice, his teacher and secret love.

South Pacific delights spring audiences

The Rogers and Hammerstein musical **South Pacific**, the story of a group of World War II servicemen and nurses, along with natives on the South Sea island of Bali Hai, delighted South audiences this spring. The popular song "Some Enchanted Evening" played a large part in the romance between Emile, a plantation owner, and Nellie, a nurse. The technical department found unusual props, such as a shower, a washing machine, and a native hut, challenging. Under the direction of Mr. Martello, stage director, and Mr. Spear, musical director, the cast and crew enjoyed working on another successful show.

Nellie, Marti Olsen, and Luther Billis, John Welzenbach, traded gender to sing "Honey Bun."

"Crummy GIs" was one of the many maledictions sputtered out by Bloody Mary, Paulette Piazza.

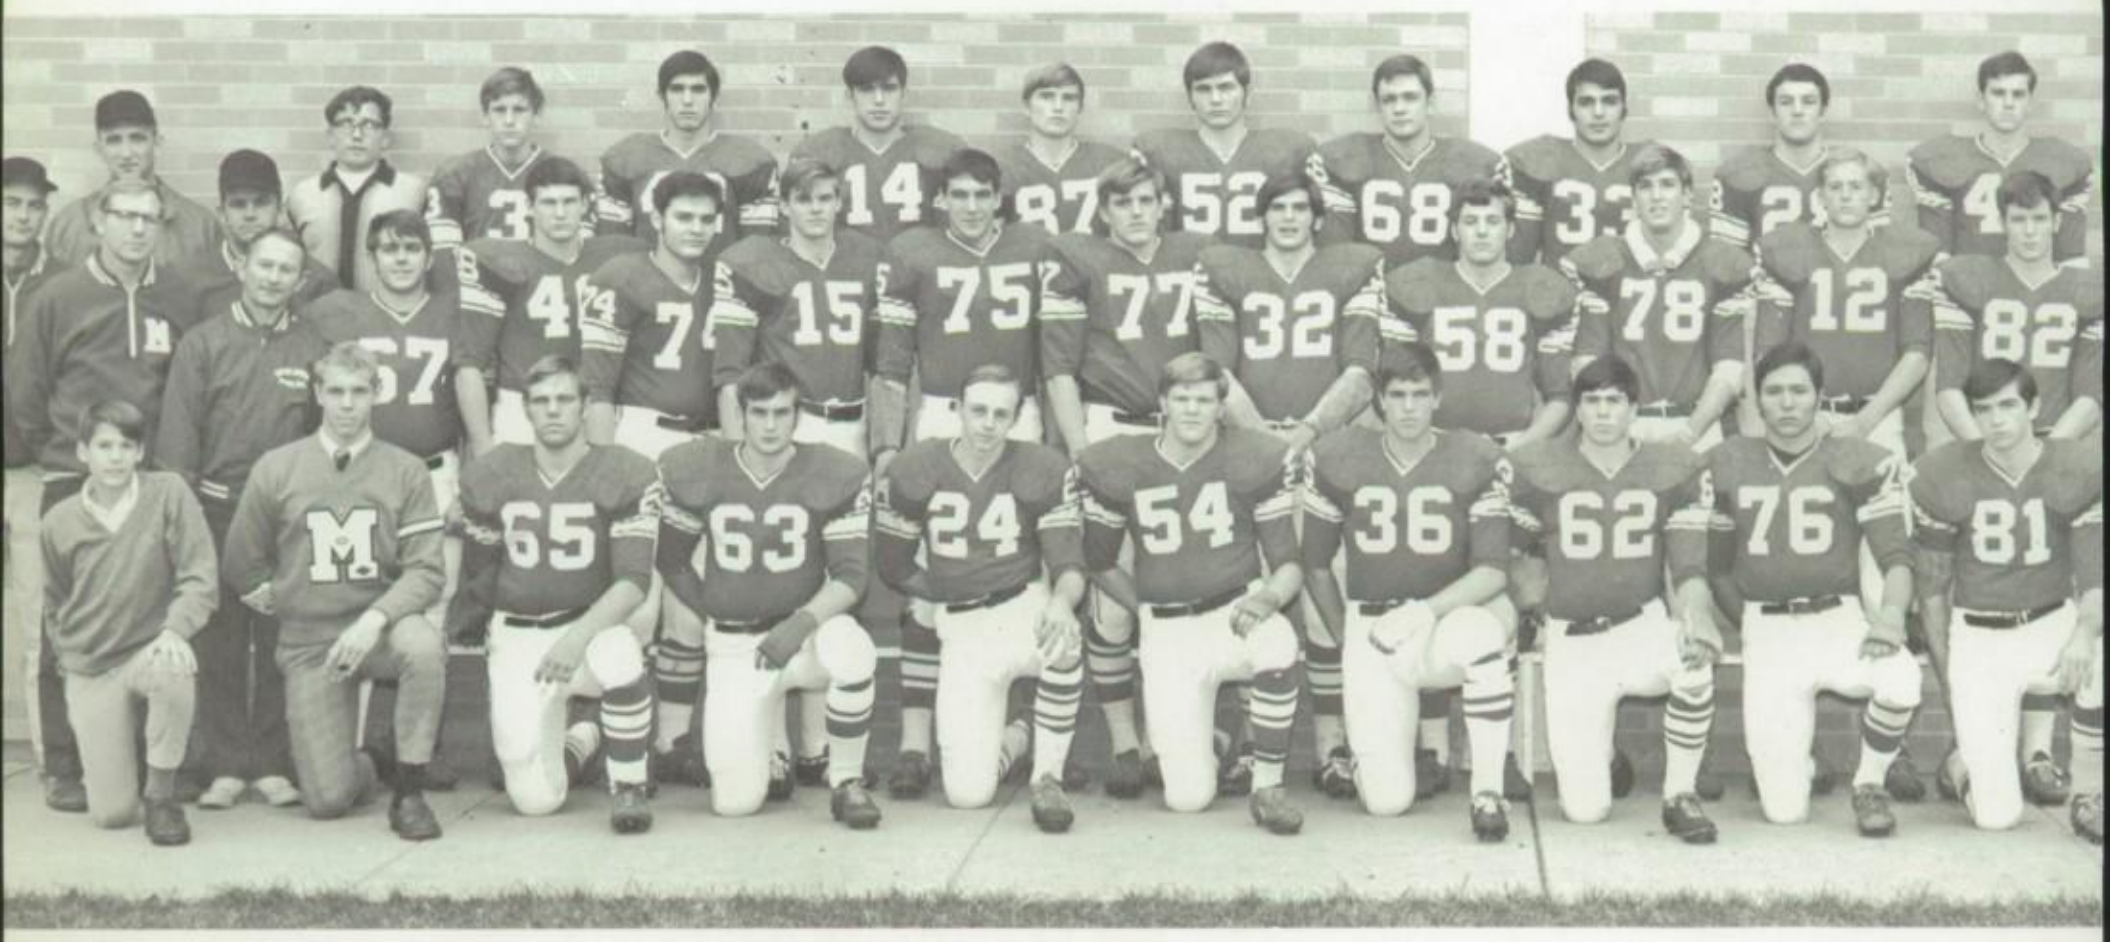
Hawks find competition in conference

Despite several heartbreaking defeats, the Varsity Football Squad had the honor of having two boys make the conference team and three make honorable mention. They finished the season with a 3 win, 1 tie, and 6 loss record, and although this was not one of their better seasons, the conference was much tougher than it had ever been. Jack Brown and Ron Mosena, co-captains, led the team to hard-earned victories against some tough competitors, including Deerfield and Wheeling. The coaches and rooters who lent support to the players are all looking forward to next year's wins.

Deerfield's quarterback was hurled for a loss by teamwork of George Jeschke and Tony Coletto.



Joe Zdeb, quarterback, handed off the ball to Greg Abezetian, halfback, during a tense play.

Denny Malloy, an active member of the varsity team, ran to gain extra yardage against Niles.

The **Varsity Team** struggled with spirit. **Top Row:** Coach Sullins, George Waller, George Zarytsky, Dan Mojica, Joseph Zdeb, John Spotts, Terry Reeder, Jack Hubka, Greg Abezetian, Denny Maloy, Bob Wolter, Rick Randahl, Don Lang, Jack Brown, Dan Calamari. **Middle:** Coach VanProyan, Coach Schmidt, Coach Magsamen, Coach Mann, Dave Koll, Bill Jackson, Jerry Shemechko, Ward Paige, Tom Mattick, Frank Schneider, Bill Green, Steve Seng, Bob Williams, Russ Hylen, John Manning, Pete Dumich, George Jeschke, Al Burton, Ed Benson, Coach Adamo, Coach Hopkins. **Bottom:** Jim Mahoney, Steve Trytten, Tom Hall, Tom Allendorph, Steve Johnson, Jeff Eckdahl, John Swider, Dan Smith, Tony Coletto, Mike Daly, Ron Mosena, Lee Risolute, Don Kemp, Ted Berg, John Pattinson.

Junior varsity exhibits great ability

Looking forward to next year's season was the Junior Varsity football team. Rigorous training and a fair record enabled the players to get an idea of their individual and team abilities. The coaches and the managers worked their hardest to form an experienced team that could take the knocks of a tough conference. As the season progressed, players such as Bill Jackson and Jeff Eckdhal emerged as being outstanding in their positions. These players won recognition as future varsity prospects. Constant striving for better form and control was a major drive in practice and actual play. Practice paid off in the games won by the team and the first steps toward perfection were taken. Teamwork and participation made for lively playing as well as exciting viewing. There's no doubt that, as seniors, the boys will be a credit to Maine South.

Even if the Hawks were losing, Suzy Hannibal and South's other cheerleaders kept up spirit.

Quarterback Ward Paige tossed a pass while Greg Abezetian threw a key block at the opposition.

Coach Schmidt felt great pride in watching his varsity team practice skills they had learned.

John Manning, surrounded by Glenbrook South players, strove to make a sensational catch.

Tennis hopes for successful spring

The Varsity tennis team, coached by Mr. Kent, placed fourth in conference last year, but expected a better season in 1970, with many returning lettermen including Most Valuable Player Dave Littel. In the District Tournament, Dave Littel and Larry Barr beat the third and second-rated teams and finally lost in the finals to the top-ranked team. These efforts earned them the right to compete in the state tournament at Champaign where in the initial round they bowed out to the eventual state champions. All players looked forward to a successful season in the spring of 1970.

Included in their season was a 9-3 victory over Ridgewood and a 3-0 win over Maine East in the District postseason tournament. Most Valuable Player Curt Cade helped the varsity in this year's campaign with many timely hits and fine fielding plays. Dan Calamari, Larry Teschner, Mike Nevins, Jim Roark, and Joe Zdeb all played well and consistently and were of unreplaceable value to the team all year.

1970 golf prospects promise excellence

The golf team of the 1969 season gave an excellent showing, losing the district championship by only two strokes. Most valuable player Jeff Thompson and Captain Tom Grainger led the team to an 8 and 4 record. Coach Gartner worked with the players to prepare them for tough competition. Confidence, accuracy, and good form were especially stressed during the year. Tom Grainger and several others return in 1970 to try again for a district win.

Hawkettes show their dancing skills

Since South opened, The Hawkettes, under the direction of Miss Bobrich, have performed in lively dancing shows during half-times on the grid and on the court. This year, unlike before, Pom-Pon girls have been making costumes to wear during their acts that complement the selection. Besides having special costumes, the girls performed to routines that had been choreographed to let them show their dancing skills. For instance, during their routine to "Cabaret," the Hawkettes donned black jazz outfits and did a "Rockette" type dance. Because of their great showmanship and ability, the Hawkettes have become known as an excellent dancing group.

Enthusiastic cheerleaders keep spirit alive

The cheerleaders, instigators of school spirit, added a vital part to the make-up of Maine South's extra-curricular activities. Faithfully practicing after school, the girls perfected their cheers to precision. All of this hard work and hours of practice paid off as shown by their enthusiastic performances at the games.

Practicing further during the summer, the cheerleaders attended a camp for two weeks. They learned new cheers and techniques and competed with other groups.

The cheerleaders, models respected by both teachers and students alike, set a good example for the other classmates to follow. Their display of school spirit inspired the Hawks on to many victories.

Competitive swimmers highlight Marlin talents

This year's Marlin show, entitled "In Retrospect" was a great success. The Marlin members practiced at least once a week after school for their spring performance. After try-out competition, parts were assigned for different numbers.

Also on a competitive basis were the actual club member acceptances. Each individual was required to perform a certain routine with judges allotting points per stunt. The girls with the highest cumulative totals were accepted into the swim club.

Another highlight of the year was the club's participation in the National Festival of Aquatic Arts in which the girls displayed their talents along with those of the swimmers from other clubs.

Orchesis returns better than ever

Orchesis Officers: Jean Haglind, Secretary and Treasurer; Mrs. Babka, Wanda Gayner, President.

After disappearing for a year, South's modern dance club, Orchesis, was revived by Mrs. Babka, a new teacher in the Girls' Physical Education Department. The club, which included thirty dancing Hawks, worked out an original piece of the Variety Show. Their dance routine was complimented, not by music, but by original noises backstage that were live for each performance. The girls met every Thursday where activities ranged from studying locomotive movements to creating individual dance routines. Outside activities included attending a concert and a workshop given by Northwestern University's Orchesis group.

Orchesis members enjoyed practicing and performing in the new dance room. **Top Row:** Rita Becora, Jan Vokoun, Claudia Ebert, Marlene MacDonald, Paula Albright, Tish Paradowski, Kyle Dietrich, Larua Skup. **Third Row:** Mrs. Babka, Ann Sensenbrenner, Karen Litrenti, Mary Charchut, Jill Burgess, Judy Hoffman, Janet Harpham, Gwen Miller, Debbie Campbell, Pat Luvisi. **Second Row:** Karen Ritts, Mimi Mrowiec, Carolyn Glass, Pam Clark, Peggy Papuga, Barb Brezinski, Pam Christie, Wanda Gayner. **Bottom:** Ricki Papastefan, Sherry Austin, Barb Agosta, Jean Haglind, Deborah Manika, Betty Allin.

GRA members sponsor school events

The Girls' Recreation Association was as active as ever this year. The planning board met every other Friday to organize intramurals, which are played between teams of the same school year, and also extramurals, played in teams representing each class. Last fall's Howdy Playnight for incoming students was a great success, while the turnout for the Mother-Daughter Playnight exceeded expectations. Chicago's underpriveleged children profited by GRA's Red Cross Stocking Drive, which functioned on contributions by the student body. Topping off the year was the Awards Banquet, at which time recognition was given to the outstanding members of GRA, Orchesis, Marlin, cheerleading squads, Pom-Pon, and other intramural team members.

Leaders strive to help, instruct

The leader program, for which girls may apply during their sophomore year, is designed for girls with interest and skill in physical education. During the junior year the classes of leaders are instructed by Miss Pierce, Girls' Physical Education Department Chairman. Under Miss Pierce's direction, the girls receive a year-long training course in developing their own skills in the various sports taught in the Girls' Physical Education classes. While each girl improves on her own skills, she is taught how to instruct others and how to officiate various games. In the senior year, the girls are assigned to the teacher she will help the entire year, and will aid her class in all possible ways.

National Honor Society promotes scholarship

The National Honor Society was organized for the purpose of giving recognition to outstanding high school students. To be considered for membership in the junior year, a student is required to be in the top five percent of his class and have all A or B grades. To attain membership the senior year, a student must rank in the top fifteen percent of his class and receive all A, B, or C grades. Besides scholarship, other attributes necessary for gaining membership are qualities such as leadership, character, and service. Members are selected by the members of Maine South's faculty.

Honorary groups stress helping others

Several honoraries stressed raising funds to help the needy. For instance, Brotherhood Society, an honorary club for students who showed friendliness to their fellow students, had projects which included collecting Red Cross Friendship Boxes and giving a Party in a Box for a local orphanage. AFS sponsored fund-raising drives which included Poster Power and Share the Fare, a program in which our students could help pay the way for future Foreign Exchange students.

M-Club, besides holding their bi-annual initiations of new M-Club members, sponsored their up-roaring M-Club-Faculty game, in which the faculty won again. Leadership and ability were required in the selection of new members in the Modern Music Masters, an honorary music society. Through their successful Candy Drive, Tri-M members made it possible for the Music Department to purchase sound reflectors for use on stage.

South's academic achievers pursue interests

This year, Maine South was appropriately represented by outstanding students on the Prep Bowl and It's Academic teams. Their scholastic abilities and fine performances in several showings against tough competitors gave an extra boost to the school's high educational ratings. Among other awards, the Social Science Department offered membership to the Maine Historical Society to students maintaining an **A** average in history throughout their junior year. Above average students in science were eligible to become part of the Science Seminar, where they were able to pursue independently their own scientific interests. High scoring on an important standardized test enabled several students to become National Merit Finalists, and thus allow them to compete on a national basis.

The **Prep Bowl Team** members represented South on TV. Henry Warchall, Jean Forrest, Tom Klancnik, Andrea Sampracos, Mr. Lavelle, Norman Ellstrand.

Honor students set high goals

One of the main attractions during the school year was that of the arena play, sponsored by Thespian Society. This advanced theatrical group's main purpose was to promote high standards in drama and stagecraft. Several other high goals that were achieved by many honor students were Quill and Scroll, Sigma Chi Sigma and National Forensic. Quill and Scroll was an honor society that was sought by many juniors and seniors in the upper third of their class who did superior work in some phase of school publications. National Forensic was an honorary group of students who distinguished themselves in speech competition. Students who successfully passed an English Comprehension test with an exceptionally high reading rate and a comprehension of at least ninety percent were eligible for membership in the honorary reading society, Sigma Chi Sigma.

Thespian Officers enjoyed taking part in the many drama productions during the year. **Back:** Dana Winikates, President; Gloria Czerniak, Secretary; David Chastain, Treasurer; Mr. Martello. **Sitting:** Anne McKenzie, Vice-President; Carol Mickelsen, Historian; Lisa Oblander,Scribe; and Mr. Chastain.

Council committees secure special privileges

This year Student Council was kept especially busy securing many new student privileges. Members of the Council worked in conjunction with the library administrators to obtain study-library cards for students with a **B** average. Other committees secured non-mandatory assembly privileges and a continuation of last year's Co-Fac program. Through effort on the tri-Maine level, all Maine schools were able to acquire a new dress code. This year's accomplishments through S.C. represent the continued effort to satisfy the various needs of the student body at South.

SC Officers worked with the administration to change the dress code. **Standing:** Chuck Russell, vice-president; Bill Griffiths, Parliamentarian; Bill Mellberg, treasurer; Nick Lyons, sergeant-at-arms. **Seated:** Pam Golasz, corresponding secretary; Robbie Little, secretary; John Welzenbach, president.

Students elected Ted Berg as their SC president.

"Rise with Greis" was the slogan of Bob Greising.

Eyrie staff members capture '70

The new dress code, football defeats, sports victories, dramatic productions, and club activities all combined to build the real Hawk nest, "Eyrie." A staff of fifteen worked ninth period throughout the year to carefully gather the highlights of Maine South '70. Hurrying to meet deadlines, writing endless ID's, scrambling to find names to match photos; all these actions were rewarded with the accomplishment of the final product. Under the direction of Editor Nancy Schalk and Miss Singer the work involved was completed through a combined effort of all staff members.

Eyrie Editors played key roles in the completion of the yearbook. **Standing:** Barbara Brezinski, ID Editor. **Seated:** Beth Timme, Layout Editor; Donna Peak, Copy Editor; Alice Conners, Photo Editor.

Southwords concerned with student opinions

Once again this year, **Southwords** has served as the informer of school and area events for Maine South students. The staff did, however, try to initiate a new outlook through its bi-monthly issues. Student opinion polls on such issues as the moratorium, the draft, the voting age, and expanded "Letter to the Editor" section gave **Southwords** a chance to create a bond with the views of the individual students as well as that of the majority. Through the combined effort of its entire staff, **Southwords** was able to meet all deadlines for distribution.

Musical variety captivates appreciative audiences

Once again, the musical concerts in both the spring and fall were a huge success. Participating in the two concerts were the Girls' Glee, Treble Choir, and Boys' Chorus. Girls' Glee, the second level of singing for both talented and interested girls, was directed by Mr. Walter Flechsig, who also directed Treble Choir. Treble Choir was a more advanced singing group for junior and senior girls. Boys' Chorus, the first level of vocal training for boys, also enhanced its listeners with its wide variety of music at both concerts. Boys doing well in this stage of musical appreciation were allowed to go on to the Concert Choir, the highest level of vocal music. All in all, the music department of Maine South did an excellent job of entertaining its listeners once more with its many talents.

People

Here at Maine South I've met so many different types of people, each with his own set of values and ideas. My opinions differ from others on topics ranging from the war to the dress code. But it's challenging to hear other's opinions; it helps me to get a better understanding of myself and where I stand.

When I think of South, I think of all the people I need everyday: friends to say hello to, teachers to help me, and counselors to hear my problems. Needing is loving, and loving is part of living.

Everywhere you look, groups of people are standing around talking about something. You see them outside homeroom, at a certain locker color, or walking in twosomes or threesomes down the hall discussing everything from Saturday night's date to their choice of college. It's great to have people to talk to—it helps get your problems off your mind, and you learn more.

Much of Superintendent Richard Short's year was filled with plans for Maine North, opening in '71.

Mr. Robert Barker, assistant principal of faculty, worked diligently with staff members.

Assistant Superintendent Mr. Ralph Frost concentrated on curriculum and coordination of courses.

As assistant principal of students, Mr. Robert Simonson solved various student problems.

Administrators move to our campus

Just south of our campus, the new administration building for the Maine district was built, and administrators became nearby neighbors, just another indication of the growth around us. Dr. Short, aided by Dr. Myers, administrative assistant to the superintendent, concentrated on the opening of Maine North. As usual, Mr. Frost, assistant superintendent, was busy with curriculum and textbook problems. Dr. Watson and his staff did a fine job with our school and its problems. Mr. Barker, assistant principal of faculty, centered his attention on the needs of the teachers, and Mr. Simonson, assistant principal in charge of students, assisted with student problems.

Principal Dr. Clyde Watson carried out his many difficult duties with energy and enthusiasm.

Dr. Michael J. Myers served District 207 as Assistant to the Superintendent.

Deans work for better understanding

The administration at Maine South worked diligently this year trying to keep everything in order. Mr. Markworth was busy with district financial problems. The Executive committee met to discuss important matters, while the members of the Board of Education were concerned with educational and organizational policies. Containing many department heads and other faculty members, the Administrative Council discussed matters concerning South students and administration. Previously a counselor, Mr. Bitta was Dean of Boys this year. Dean of Girls, Miss Illif, worked with members of the Girls' Club, while Mr. Smith, Dean of Students, sought better communication between faculty and students. By working together, the deans helped to keep everyone satisfied with a great year.

Executive committee was concerned and worked hard with student and staff problems: **Standing:** Miss Iliff, Dean of Girls; Mr. Smith, Dean of Students; Mr. Bonney, Guidance; Mr. Bitta, Dean of Boys. **Seated:** Mr. Barker, Assistant Principal; Dr. Watson, Principal; Mr. Simonson, Assistant Principal.

Faculty encourages participation and creativity

The enthusiasm and excitement generated by the teachers encouraged students to produce creative work, but more than that, to actually enjoy learning about new concepts. Often it was hard to get some students involved in participating, but through stimulating discussions and interesting projects, teachers helped others to grasp new ideas.

The faculty helped South students to realize that school could be something more than a requirement and that it was a place where a firm foundation for life would be built. Not only academic, but also social development was stressed, and this knowledge would be called on throughout life. School is an opportunity, and the teachers at South are the catalyst for knowledge and creativity.

After the exciting kick-off game, the Watsons and the Barkers attended the annual barbecue.

Services aid students and staff

South's varied functions ran smoothly with the help of the Attendance Office, Main Office, and Personnel Office secretaries. Building repair and cleanliness were maintained by the custodians. In the library, helpful librarians gave students assistance as well as keeping the reading rooms orderly. Healthful meals, snacks, and ice cream were provided by the staff of adult helpers in South's cafeteria. Also, a variety of courses made the Adult Evening School a success.

Senior class faces new life

After four years of familar halls and faces, it was hard to face the fact that in less than three months, the senior class would be spread over the whole nation, meeting new people and facing a new challenge: campus life, a job opportunity, or even the Armed Services. Graduation marked the end of four exciting, challenging, and sometimes frustrating years at South. What senior will ever forget all the friends he made, sports events, plays, teachers, and the two class Proms?

Even though the senior class will never be a current part of South again, they left a clear imprint on South's development.

Seniors found that the card catalog was quite useful in helping to find materials for term papers.

Senior Student Council helped to change school policies. **Top Row:** Kazumi Sekino, Mimi Ruggeri, Joe Mantione, Joy Clark, Mark Walker, Cindy Martin. **Third Row:** Jack Brown, Bill Alzos, Jan Phillips, Mike Ebert, Bea Hapeman, Chuck Russell, Steve Seabolt. **Second:** Molly Raus, Donna Cuttone, Bonnie DaValle, John Crosby, Peggy Mathy. **Bottom Row:** Chris Sawkiw, Nick Lyons, Hal Harz, Nancy Schalk.

The **Senior Class Sponsors,** Miss Montgomery and Mr. Andersen, guided seniors during the year.

Although the senior class float did not place first at Homecoming, the group effort was fun.

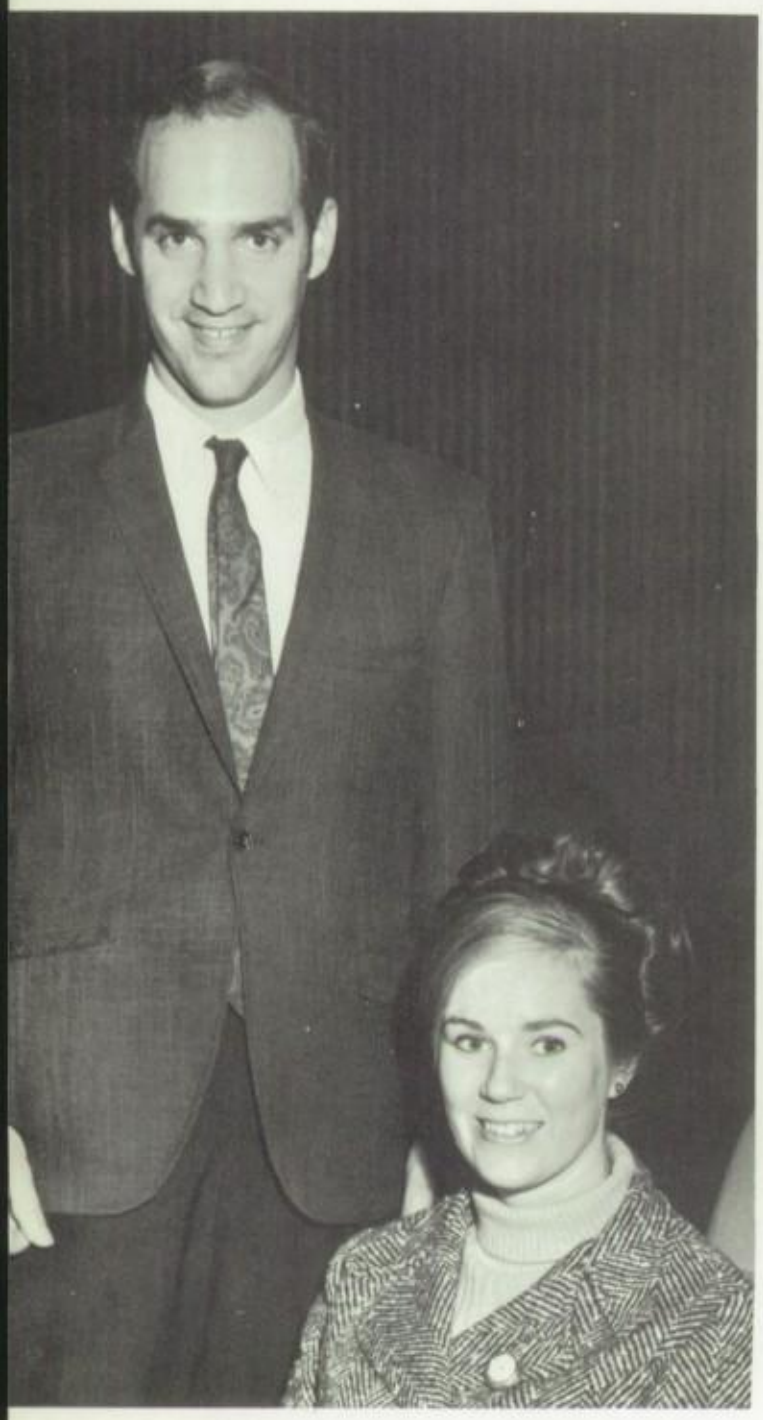
Prom tops off junior year

The juniors successfully completed the year with great Hawk spirit. Their homecoming float, "Little Bit of Soul," placed third. Tough competition from the underclassmen proved that hard work is needed to come in first next year. The junior class party was the first chance the juniors, as a class, were able to get together socially. The prom took a great deal of time and effort to make it a success, but it will be long remembered.

This was the year the juniors seriously began thinking about college. They had their first college board exams and college aptitude tests. Some juniors found it hard to believe that in one more year, their high school days would be over.



The **Junior Class Sponsors** helped to produce a fine prom. Mr. John Heuman, Mrs. Karen Siebold.

Sophomores win first with float

The members of the class of '72 enjoyed an exciting, challenging, and rewarding year. It started when the sophomores snatched first place with their float, "Flying Purple People Eater." The fun they had building the float and the first place trophy made the effort seem worthwhile.

They paused to remember an exciting athletic event, the buying of class rings, an engrossing play, a rollicking lunch period, a tough subject, and good friends. Although at times the competition in sports and in the classroom became tough, the true Hawk spirit and determination always shone through. And the sophomores proved again and again that they excelled in these two areas.

Freshmen become acquainted with South

Although their float, entitled "Wipeout," failed to place in the competition, the unique atmosphere of Homecoming became embedded in them. In their first year, they showed school spirit and eagerness as they looked forward to their next chance to make a contribution to South, their new school.

A great year for living

When you think about it, much has happened in one year's time: a completely new dress code and non-mandatory assemblies; and outside: mini to maxi, moon flights and strikes.

Then there were the state finals for drama, a winning "It's Academic Team," National Merit Finalists, the "Sweet 16" Basketball team, and you could go on and on . . . . . .

Maine South had a great year in 69-70. But the underlying factor in determining a school's greatness lies in the student himself: his attitudes toward school, friends, the community, his maturity, and openmindedness. With students such as we had, Maine South was truly Number 1.

We would like to thank administrators, faculty members and students for their help; **Root Studio,** *our official school photographers,* **Southwords** *for pictures, and* **Delmar Company** *for their printing.*

GARY - IT WAS NICE KNOWIN' YA'S'TILL NEXT TIME (THOUGH WE WEREN'T LONG) TOBAD Y'A GOT MOVED. LOVE & PEACE CHERY

Gary,
It's really been a pain knowing you! You think you're really hot stuff, but you're not! I'm only kidding. You know how we always cut each other up all the time.
We really had fun together even if it was only walking to a class or sitting in the pit in library.
Have a fun summer & I'll see you next year!

Josette

Gary,
It was nice meeting this year and I hope to see you next year!
Have a great summer and lots of luck!

Fran Ruccio

Mr. Parsons,
It's certainly been a pleasure knowing you - even if you always gave me a bigger grade than I was getting. Oh our country reports you're a good kid anyway

Fun ya
Linda Peterson

GARY,
WHAT DO YOU CALL THIS? WELL TOO BAD WE DIDN'T GET TO STUDY ALL THOSE GOOD WRITERS IN THE SAME CLASS, BUT YOU DID GET TO COLOR MY HAIR. WHAT A PRIVILEGE? SEE YOU NEXT YEAR. HAVE FUN THIS SUMMER

DEB

Gary,
Just One of the Many Scholars
in Math (Just disgusting!)
Someday you may want to build a
house for us. Then you can show it off
by using some of Mr. Stevens chemicals
See you next year.
Mickelson

Gary
I'm talking
to you in the halls
sometimes. Have a great
summer. Good luck and best
wishes always. See ya
next year!
Luv
Jo Ladd

See you next year in
homeroom.
Debbie

Gary,
So you finally did it in Chem.
It's about time. With your

Good luck on the finals

I hope you aren't too sad
about Chem. being over. (I'm not)
Have a lousy summer

Mark G

Mark Anderson

Cher Gary,
j'espère que
vous comprendrez
ceci: Je vous aime
beaucoup et j'espere
que vous serez dans la
même classe d'English (Anglais)
que moi. Avec beaucoup
d'amour.
Lucie

Really don't know
what to say except
We sure had fun in

Good luck next year in 11A
and be good this summer.
Hooper?

Gary,
What would I
have ever done without
you taking my chem homework
and putting it in the garbage with
the left over pizza. I'm really
glad we were in math + French
together - you really livened up
that boring class. Have a
great summer! See ya next
year. We can suffer through
Dickey's class.
Jon Iskeon

Gary,
I must say it
sure was a riot those
times went to school

They're a great bunch of people -
especially Barry & Julie, right -

crumby years of high
